Introduction

Unlimited Scroll UI

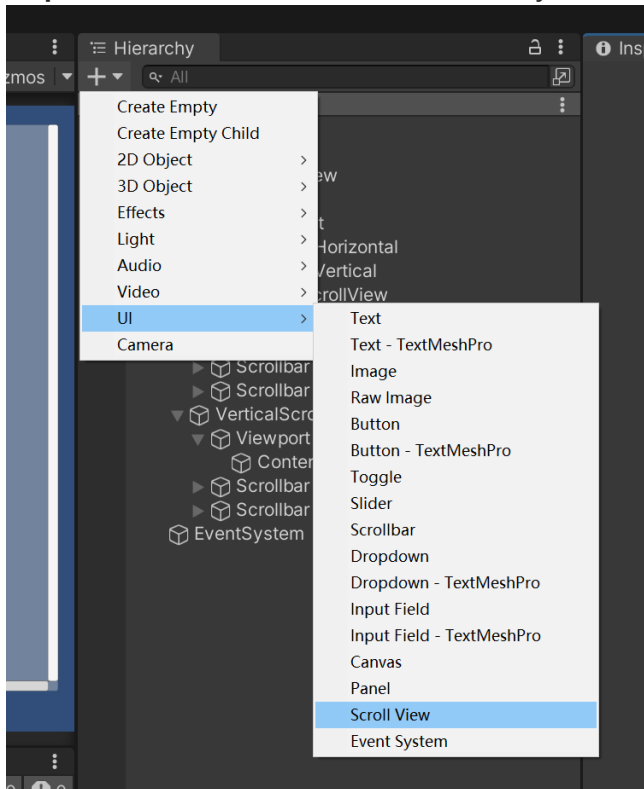

version 1.4.0

Summary

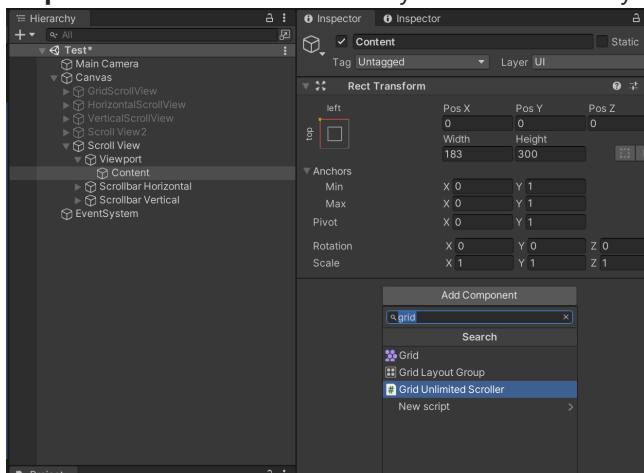

A plugin in Unity that let you easily create scroll views with unlimited items. See in [asset store](#).

Quick Setup

Step 1: Add "UI/Scroll View" from Add GameObject menu.

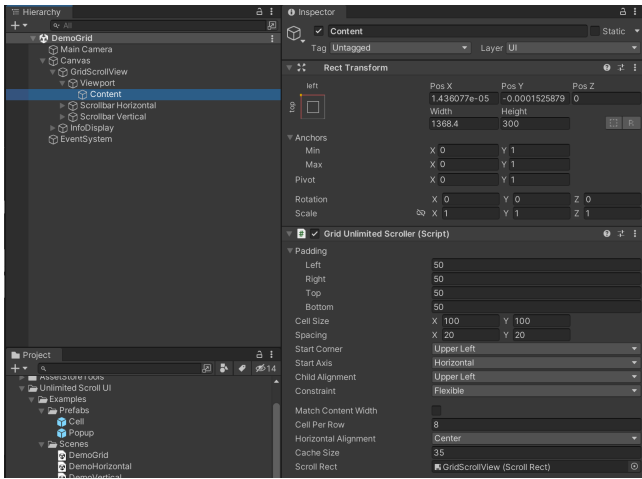

Step 2: Add UnlimitedScroller with your desired auto layout type.

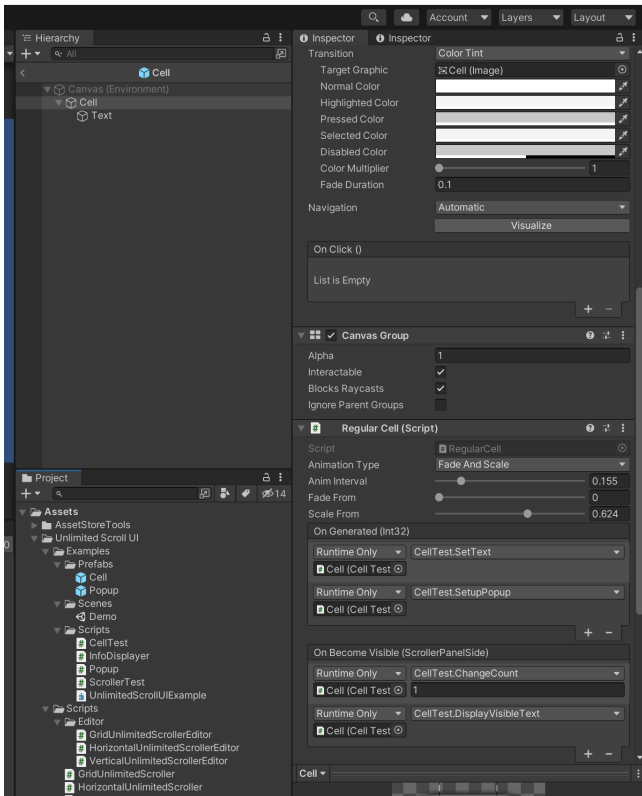

Step 3: Drag and drop the scroll view to `Scroll Rect` field. Set initial cell cache count.

If you use grid scroller, you can also change its alignment.

Step 4: Prepare a cell prefab that has the `RegularCell` script or your custom script that implements the `ICell` interface.

Step 5: To test it out immediately, add a `ScrollerTest` script below `Unlimited Scroller`, reference to your cell and set total count.
